Politeknik Negeri Jakarta

Frontend Developer | UI/UX Designer | Mobile Developer

A Third year Informatics Engineering student passionate about crafting intuitive and user-friendly digital experiences through front-end development and UI/UX design. Skilled in Figma, PHP, HTML/CSS, and mobile UI using Kotlin, I enjoy turning ideas into clean and accessible interfaces. Through various independent projects, I've designed and built Android apps with a focus on usability and functionality. With experience in project teams, I thrive in collaborative environments and always eager to learn new tools and design principles to create impactful tech solutions.
